## **A Message from our CEO: David E. Kindy**

June 25, 2021

### **Dear Members,**

Earlier this week most of the state's pandemic restrictions were lifted including the mask mandate for indoor spaces. We are so relieved that many of our staff and members decided to take advantage of the free vaccines to help drive down the infection rate and to reduce the risk of spreading COVID-19 – thank you!

Since we have completed the installation of the permanent glass shield in the lobby of our Eaton Rapids branch we have now removed the mask mandate for staff and members in all offices. While it is no longer required, we do understand that some may feel more comfortable still wearing a mask and that is OK too.

We understand that we are still dealing with a highly contagious, dangerous virus and its variants. We are not letting our guard down. We remain committed to good hand washing practices and continued daily surface sanitizing to keep our staff and members safe. We encourage our staff to stay home if they are ill and ask the same courtesy from members visiting us in person. Should any restrictions or guidance change we will be ready to implement them with as little interruption of service to you as possible.

We remain in a strong financial position and we continue to operate with full staff in the office every day. We are proud that we continue to serve you with 100% of our products and services available as we have done since early 2020 when the Pandemic began. Together we will continue to stay safe and serve you until the pandemic is completely over.

**Stay Well,  
David E. Kindy**
